WHY HERBAL DEODORANT

15-Day Assurance: Experience the ultimate freedom from daily deodorant applications. With Herbal Deo's herbal armpit deodorant cream, you're guaranteed up to 15 days of non-stop freshness with a single use.

Herbal Marvel: We've harnessed the potent essence of nature's herbs and botanicals, carefully selecting ingredients renowned for their odor-neutralizing qualities. Our blend not only tames odors but also pampers your skin with herbal goodness.

Quality Excellence: Quality is our hallmark. Every ingredient that goes into our herbal armpit deodorant cream is rigorously tested and carefully sourced to ensure premium quality, giving you a product that you can trust.

Chemical-Free Confidence: Our formula is proudly free of harsh chemicals, such as aluminum and parabens, ensuring a gentle and safe experience for your delicate skin.

Embrace Nature: Herbal Deo is committed to reducing its environmental footprint. Our eco-friendly packaging reflects our dedication to preserving the beauty of our planet.

Customer-Centric: Your satisfaction is paramount to us. We're here to provide you with an effective, long-lasting solution to odor management, backed by our unwavering support and care.

HOW TO USE

Instruction: In Each pack you'll find two small packets.

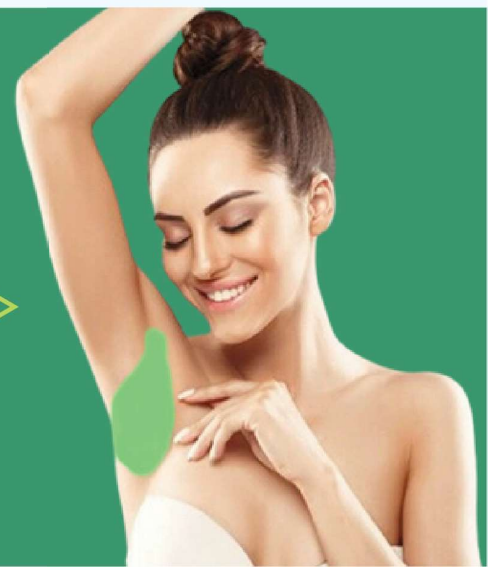

Before you sleep, put the cream from both packets evenly on each of your armpits and upper corner part of underarm as well . Keep it on for at least 8 hours without washing it off. This is good for both guys and girls.

Care: If your armpits get dry, you can put petroleum jelly or body lotion to stop any itching. The product usually works for around 15 days, depending on how old you are, if you're a boy or a girl, and how you live your life. So, it's good to use the product every 10 to 20 days.

Caution: Your Before you use it, try a small bit on the skin behind your knee. If your skin gets red or you see a rash, stop using it. Don't let it touch your eyes.
